Subject: **A21472 Plus VaporGrip® Technology (EPA Reg. No. 100-1623)**
Non PRIA: Fast Track Amendment for State Restriction Supplemental Label.
(SYT References AD112987, AD112434, and AD112486)

Dear Ms. Schmid:

Syngenta Crop Protection, LLC is herein submitting an amendment to the master label for A21472 Plus VaporGrip® Technology (EPA Reg. No. 100-1623; Alternate Brand Tavium® Plus VaporGrip® Technology). The statement listed below is the EPA suggested language which is added to the heading of the product and the listed restrictions.

- You must check www.TaviumTankMix.com for state specific restrictions within 30 days of application of this product.

As well as that change on the master label we are also submitting a supplemental for the general state restrictions as well as the final versions of the Minnesota and Iowa supplemental labels.

In addition to this cover the following are included:

- 8570-1
- Section 3 label (highlighted and clean version)
- Supplemental label for Section 3 general state restrictions (clean version)
- Supplemental label Minnesota (clean version)
- Supplemental label Iowa (clean version)

This information is being submitted as a fast track label amendment and therefore a PRIA category, fee, and timeline are not applicable. If there are any questions regarding the submission, please contact me at (919) 545-4986 or by email at amy.mccaskill@syngenta.com or our regulatory ops specialist Pat Eay pat.eay@syngenta.com with any questions.

Kind Regards,

PII

Amy J. McCaskill
Sr. Regulatory Manager, Herbicides
